

# PROMYS Europe

A partnership of PROMYS, Wadham College and the Mathematical Institute at the University of Oxford, and the Clay Mathematics Institute

7 July – 17 August 2024 at Wadham College, Oxford

[www.promys-europe.org](http://www.promys-europe.org)

**PROMYS Europe**

**Six weeks of challenging and stimulating mathematical exploration,  
for mathematically ambitious school students aged 16+  
from across Europe**

*PROMYS Europe changed the way I look at simple problems. It showed me that even what I thought was obvious is not obvious • After each lecture, I left the Mathematical Institute even more fascinated by the beauty of mathematics • It was amazing to exchange ideas and experience with other people with similar interests! • Magical, Addictive, Unforgettable • I really enjoyed the programme and think that anyone interested in maths should at least apply! – Students, PROMYS Europe 2023*

*The programme offers pre-university students from across Europe an extraordinary opportunity to engage with deep mathematical ideas – CMI President*

Selection is needs-blind and based on merit alone. Partial or full financial aid is available for those who need it.  
*The programme is dedicated to the principle that no one should be unable to attend for financial reasons.*
