

# PROMYS Europe

A partnership of PROMYS, Wadham College and the Mathematical Institute  
at the University of Oxford, and the Clay Mathematics Institute

13 July – 23 August 2025 at Wadham College, Oxford

Applications open in January • visit • [www.promys-europe.org](http://www.promys-europe.org)

**Six weeks of challenging and stimulating mathematical exploration  
for mathematically ambitious school students aged 16+  
from across Europe**

**Selection is needs-blind and based on merit alone. Financial aid is available for those who need it.**

PROMYS Europe adheres to the principle that no one should be unable to attend  
because of financial need.

What students had to say, after PROMYS Europe 2024:

*I loved it. ... Everyone was great, positive, excited about maths • It was more maths than I've ever done before but I wouldn't want it any other way • I got to see some maths in a mathematician's perspective, ... I learnt maths insights that are deeper through experimenting and proving them • Living in Oxford for 6 weeks was a dream come true • I love this opportunity to interact with others who also share my passion for maths • Magical, Addictive, Unforgettable.*

*The programme offers pre-university students from across Europe an extraordinary opportunity to engage with deep mathematical ideas – CMI President*
